INTRODUCTION:
The purpose of physical therapy is to rehabilitate individuals following injury, surgery or disease with the goal of achieving maximal patient potential and accelerate recovery. Treatment is patient specific, and will include careful evaluation followed by intervention. Intervention may include, but is not limited to manual techniques, functional stretching, strengthening, home exercise prescription as well as the use of modalities.

POTENTIAL BENEFITS:
I understand that my physical therapist cannot make any promises nor guarantees regarding a cure for, or improvements in my condition. My physical therapist will educate me on potential results of treatment for my condition and will discuss treatment options with me before I consent to care.

POTENTIAL RISKS:
As with any health care procedure complications may arise during the course of treatment. Adverse effects may include but are not limited to possible increase in my current level of pain discomfort, or aggravation with an existing injury. This discomfort is usually temporary, but if it persists or if I do not tolerate any part of my prescribed interventions I agree to inform my physical therapist. I am aware that every precaution is taken to deliver modalities safely, there is a small risk of skin irritation or burning with the use of electrical modalities, ice, heat or tape.

I acknowledge I have discussed the potential risks and benefits of physical therapy with my referring provider. _____ (Initials)

COMMUNICATION:
It is my responsibility to notify my physical therapist of any known physical conditions, including pregnancy, the intent to become pregnant, and any changes to my health or medication(s). I will also notify a member of the physical therapy team if I experience any discomfort during therapy so that treatment can be adjusted.

INFORMED CONSENT FOR TREATMENT:
The term “Informed Consent” means that the potential risks, benefits and alternatives of physical therapy treatment have been explained to me. I understand all procedures will be thoroughly explained to me before they are performed and any questions will be addressed to my satisfaction. I allow this consent form to cover the entire course of treatment for my present condition and for future conditions for which I seek treatment, with its validity extending for 1 year from the date of endorsement. Quinn Orthopedic Physical Therapy will verify your insurance coverage prior to starting your care with our team. Payment responsibility will depend on how your insurance processes the claim, including any applicable deductible, coinsurance, or adjustments. For a better understanding of your coverage, accumulations, or how your claims are processed after treatment is billed, please contact your insurance provider.

DISCLAIMER:

Please review the financial policy outlined below, which must be signed before treatment can begin. All patients are required to provide a valid photo ID. To ensure accuracy in the health care record and proper insurance verification, we will also request to make copies of your ID and insurance card for our records.

As a courtesy, Quinn Physical Therapy will bill your insurance company on your behalf. However, it is your responsibility to understand your insurance benefits, including whether we are a contracted provider with your insurer, your covered services, any exclusions in your policy, and any pre-authorization requirements. If you are covered under a health insurance policy, we will bill your insurance directly, as it is our policy to do so. You may choose to pay out of pocket for physical therapy services if we are out of network with your insurance provider or if you do not have insurance. A discounted "cash rate" of $200 for the initial evaluation and $100 for follow-up appointments will apply. If requested, we can provide an invoice statement for you to submit to your insurance company for potential reimbursement if we're not in-network.

You are responsible for providing current and accurate insurance information, including any updates or changes in coverage. Failure to do so may result in you being held financially responsible. After 60 days, any balance not paid by the insurance company will become your liability.

You are responsible for any costs not covered by insurance, including co-pays, deductibles, denied claims, non-medically necessary charges, and any amounts exceeding your visit limit. Uncovered visits will be billed at a cash rate: $200 for evaluations and $100 for follow-up appointments. While we will assist in tracking your visits and confirming pre-authorizations, you remain ultimately responsible for these costs. Payments are due at the time of service. If payment is not received within 60 days, or if the outstanding balance exceeds $300, services may be suspended until a reasonable payment arrangement is made. With financial hardship, please seek collaboration with our billing manager for possible situational accommodations.

CANCELATION & NO SHOW POLICY:

Your appointment with us is a professional engagement with a licensed medical provider. In fairness to our providers, our practice and to our other patients, we must insist that you take responsibility to keep and attend your appointments as scheduled. If you are unable to keep a scheduled appointment, we ask that you give us the courtesy of 24 hours notice of cancellation so that we may offer the appointment to other patients. Appointments can be adjusted via email (reception@quinnpt.com) or phone. Please be sure to leave a message, should you not connect with a team member directly. Failure to give 24 hours advance notice of a missed appointment will be considered a no-show. We will waive the first no-show as a courtesy, but subsequent no-shows will each result in a $50 charge to your account balance.
